About Greene County Public Health:

Our services are designed to protect and improve the health of the community. We provide convenient, population health services to families, WIC, special services to families with medical and developmental needs, school inspections, general operations, nuisance abatement, rabies, and other environmental health investigations. We ensure food and water are safe, protection from disease, and readiness to respond to emergencies. The organization was created by Ohio Revised Code 3707 and 3709 in 1920. Our mission is to prevent disease, protect our environment, and promote healthy communities and wellness in Greene County.
